wooden houses for EM, and a sput  2. A total of nine planes were ses high-wing monoplane with an in-	to Vajnory included a two-story flight hop, about 150 meters long, a hangar, a tion. A one-story garage with dwellings ar track with storage sheds were east on at the fiell. One plane was a gray of the engine, rigid landing gear, a were gray single-engine low-wing mone	about 110 s, about 20 of the road. *
moters long, and a filling state wooden houses for EM, and a special state with an information of the planes were seen high-wing monoplare with an information on the planes were gray single-origid landing gears, gull wings additional gray single-engine landing gears, but with repair shop. The field was	hop, about 150 meters long, a hangar, a tion. A one-story garage with dwellings ar track with storage sheds were east of the engine, rigid landing gear. I see gray single-engine low-wing mone gears, painted gray, engine low-wing monoplanes with in-line see the engine monoplanes with gull type wing as flying while another one was parked guarded by sentries wearing white-bore heir caps. He soldiers wearing Soviet in the store was soldiers wearing soldiers.	about 110 s, about 20 of the road. *  cingle-engine oplanes with e engines, were three 50X1-HU gs in front of dered blue uniforms
moters long, and a filling state wooden houses for EM, and a special state of nine planes were seen high-wing monoplare with an infine in-line engines, rigid landing. Three planes were gray single-crigid landing gears, gull wings additional gray single-engine.    One plane was the repair shop. The field was epaulets and blue stripes on the ware seen at the field or in its	hop, about 150 meters long, a hangar, a tion. A one-story garage with dwellings mer track with storage sheds were east of the engine, right landing gear. It is engine, right landing gear, severe gray single-engine low-wing mone gears, painted gray, engine low-wing monoplanes with in-line sections of the engine low-wing monoplanes with gull type wing softlying while another one was parked guarded by sentries wearing white-bord beir caps. He soldiers wearing Soviet to vicinity. **  ***xevious information, the field covers a service of the engine of the engin	about 120 s, about 20 of the road. *  cingle-engine  oplanes with  e engines,  were three 50X1-HU  in front of dered blue  uniforms  50X1-HUM  an area of
moters long, and a filling state wooden houses for EM, and a special state wooden houses for EM, and a special state with an inspecial state of nine planes were seen high-wing monoplare with an inspecial state of the state of	hop, about 150 meters long, a hangar, a tion. A one-story garage with dwellings our track with storage sheds were east of the engine, right landing gear. It is were gray single-engine low-wing mone gears, painted gray, engine low-wing monoplanes with in-line some low-wing monoplanes with gull type wing low-wing wonoplanes with gull type wing saffying while another one was parked guarded by sentries wearing white-bord beir caps. He soldiers wearing Soviet at the vicinity. **  **Exercises**  **Exercises**  **Three hangary**  **Three hangary*	about 120 s, about 20 of the road. *  cingle-engine  oplanes with  e engines, were three 50X1-HU  in front of dered blue uniforms  50X1-HUN an area of
moters long, and a filling state wooden houses for EM, and a special state wooden houses for EM, and a special state with an inspecial state of nine planes were seen high-wing monoplare with an inspecial state of the state of	hop, about 150 meters long, a hangar, a tion. A one-story garage with dwellings our track with storage sheds were east of the engine, right landing gear, a were gray single-engine low-wing more gears, painted gray, and the low-wing monoplanes with in-line so the solution of the engine low-wing monoplanes with gull type wing as flying while another one was parked guarded by sentries wearing white-bord heir caps. He soldiers wearing Soviet at the vicinity. **  **Exercises**  **Exercises**  **Exercises**  **Three hangar, a hangar, a track with dwelling monoplanes with gull type wing the soldiers wearing soviet at the vicinity. **  **Exercises**  **Exercises**  **Three hangar, a ha	about 120 s, about 20 of the road. *  cingle-engine  oplanes with  e engines, were three 50X1-HU  in front of dered blue uniforms  50X1-HUM  an area of gars exist
moters long, and a filling state wooden houses for EM, and a special state wooden houses for EM, and a special state with an infight wing monoplare with an infine engines, rigid landing Three planes were gray single-crigid landing gears, gull wings additional gray single-engine landing gray	hop, about 150 meters long, a hangar, a tion. A one-story garage with dwellings our track with storage sheds were east of the engine, right landing gear, a were gray single-engine low-wing more gears, painted gray, and the low-wing monoplanes with in-line so the solution of the engine low-wing monoplanes with gull type wing as flying while another one was parked guarded by sentries wearing white-bord heir caps. He soldiers wearing Soviet at the vicinity. **  **Exercises**  **Exercises**  **Exercises**  **Three hangar, a hangar, a track with dwelling monoplanes with gull type wing the soldiers wearing soviet at the vicinity. **  **Exercises**  **Exercises**  **Three hangar, a ha	about 110 s, about 20 of the road. * cingle-engine oplanes with e engines, were three 50X1-HU gs in front of dered blue uniforms  50X1-HUI an area of
moters long, and a filling state wooden houses for EM, and a special state wooden houses for EM, and a special state with an infight wing monoplare with an infine in-line engines, rigid landing Three planes were gray single-critical landing gears, gull wings additional gray single-engine landing plane was the repair shop. The field was epaulets and blue stripes on the were seen at the field or in its ground to be about 1,100 x 1,700 meters.  The state of the stripes of the stripes on the field.  Comment. According to pure about 1,100 x 1,700 meters.	hop, about 150 meters long, a hangar, a tion. A one-story garage with dwellings our track with storage sheds were east of the engine, right landing gear, a were gray single-engine low-wing more gears, painted gray, and the low-wing monoplanes with in-line so the solution of the engine low-wing monoplanes with gull type wing as flying while another one was parked guarded by sentries wearing white-bord heir caps. He soldiers wearing Soviet at the vicinity. **  **Exercises**  **Exercises**  **Exercises**  **Three hangar, a hangar, a track with dwelling monoplanes with gull type wing the soldiers wearing soviet at the vicinity. **  **Exercises**  **Exercises**  **Three hangar, a ha	about 110 s, about 20 of the road. * cingle-engine oplanes with e engines, were three 50X1-HU gs in front of dered blue uniforms  50X1-HUI an area of
moters long, and a filling state wooden houses for EM, and a special state wooden houses for EM, and a special state with an infight wing monoplare with an infine in-line engines, rigid landing Three planes were gray single-critical landing gears, gull wings additional gray single-engine landing plane was the repair shop. The field was epaulets and blue stripes on the were seen at the field or in its ground to be about 1,100 x 1,700 meters.  The state of the stripes of the stripes on the field.  Comment. According to pure about 1,100 x 1,700 meters.	hop, about 150 meters long, a hangar, a tion. A one-story garage with dwellings our track with storage sheds were east of the engine, right landing gear, a were gray single-engine low-wing more gears, painted gray, and the low-wing monoplanes with in-line so the solution of the engine low-wing monoplanes with gull type wing as flying while another one was parked guarded by sentries wearing white-bord heir caps. He soldiers wearing Soviet at the vicinity. **  **Exercises**  **Exercises**  **Exercises**  **Three hangar, a hangar, a track with dwelling monoplanes with gull type wing the soldiers wearing soviet at the vicinity. **  **Exercises**  **Exercises**  **Three hangar, a ha	about 110 s, about 20 of the road. * cingle-engine oplanes with e engines, were three 50X1-HU gs in front of dered blue uniforms  50X1-HUI an area of
moters long, and a filling state wooden houses for EM, and a special state wooden houses for EM, and a special state with an infight wing monoplare with an infine engines, rigid landing Three planes were gray single-crigid landing gears, gull wings additional gray single-engine landing gray	hop, about 150 meters long, a hangar, a tion. A one-story garage with dwellings mer track with storage sheds were east of the engine, rigid landing gear, seem gray single-engine low-wing mone gears, painted gray, engine low-wing monoplanes with in-line signature monoplanes with gull type wing as flying while another one was parked guarded by sentries wearing white-bord heir caps. He soldiers wearing Soviet at vicinity. **  revious information, the field covers a tip located at the field. The field is a commercial planes.	about 110 s, about 20 of the road. * cingle-engine oplanes with e engines, were three 50X1-HU gs in front of dered blue uniforms  50X1-HUI an area of
moters long, and a filling state wooden houses for EM, and a special state wooden houses for EM, and a special state with an infight wing monoplare with an infine engines, rigid landing Three planes were gray single-crigid landing gears, gull wings additional gray single-engine landing gray	hop, about 150 meters long, a hangar, a tion. A one-story garage with dwellings mer track with storage sheds were east of the engine, rigid landing gear, seem gray single-engine low-wing mone gears, painted gray, engine low-wing monoplanes with in-line signated monoplanes with gull type wing as flying while another one was parked guarded by sentries wearing white-bord heir caps. He soldiers wearing Soviet at vicinity. **  revious information, the field covers a three hanges in formation.  Becament No	about 110 s, about 20 of the road. * cingle-engine oplanes with e engines, were three 50X1-HU gs in front of dered blue uniforms  50X1-HUI an area of
moters long, and a filling state wooden houses for EM, and a special process of the planes were seen high-wing monoplare with an infinity in-line engines, rigid landing. Three planes were gray single-engined landing gears, gull wings additional gray single-engined process of the repair shop. The field was epaulets and blue stripes on the were seen at the field or in its were seen at the field or in its labout 1,100 x 1,700 meters.  Comment. According to process on the field.  Comment. An SNB detail it of the local aero club and by one of the local aero club are of the local aero club aero	hop, about 150 meters long, a hangar, a tion. A one-story garage with dwellings mer track with storage sheds were east of the engine, rigid landing gear.  In a the fiell. One plane was a gray seline engine, rigid landing gear.  It were gray single-engine low-wing mone gears, painted gray, engine low-wing monoplanes with in-line selfons with gual type wing as flying while another one was parked guarded by sentries wearing white-bord heir caps. He soldiers wearing Soviet at vicinity. **  Exercise information, the field covers a track of the field. The field is a commercial planes.  Because in Stars.  Because in Stars.  Because in Stars.	about 110 s, about 20 of the road. * cingle-engine oplanes with e engines, were three 50X1-HU in front of dered blue uniforms  50X1-HUN an area of gars exist used by planes
moters long, and a filling state wooden houses for EM, and a special process of the planes were seen high-wing monoplare with an infinity in-line engines, rigid landing.
